Introduction

The *Marine Parks Act 2004* (the Act) provides for the conservation of Queensland's marine environment by implementing a comprehensive range of management strategies including the declaration of marine parks, and the establishment of zones and designated areas including highly protected areas within the parks. These management arrangements are formalised through the gazettal of zoning plans and the development of management plans.

Public authorities and other interested groups, including First Nations People and local governments, are encouraged to assist in managing marine parks and to further the public's appreciation, understanding and enjoyment of the marine environment.

The Act aims to achieve a coordinated and integrated approach with other environmental conservation legislation, and recognises the cultural, economic, environmental and social relationships between marine parks and their adjacent lands and waters.

Australia's international responsibilities and intergovernmental agreements are important considerations in park management. Marine parks extend across areas adjacent to the Queensland coast which are under the control of both the Commonwealth and State governments. Both governments have agreed that as far as practicable, in managing marine parks, state legislation will be consistent with the relevant Commonwealth legislation.

Marine parks are multiple use areas providing for a range of activities and visitor opportunities. The zoning plans prescribed under the Act detail the types of uses and management measures.

Three marine parks have been declared under the Act with corresponding zoning plans established - Great Barrier Reef Coast Marine Park, Great Sandy Marine Park and the Moreton Bay Marine Park.

The plans and regulations that support the Act are:

- Marine Parks (Declaration) Regulation 2006
- Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004
- Marine Parks (Great Sandy) Zoning Plan 2017
- Marine Parks (Moreton Bay) Zoning Plan 2008
- Marine Parks Regulation 2017.

Amendments

Marine Parks Act 2004

No amendments were made to the *Marine Parks Act 2004* in the 2018-19 year.

Marine Parks (Declaration) Regulation 2006

In 2018-19, the Marine Parks (Declaration) Regulation 2006 was amended to clarify the intent of the 'mangrove line' marine park boundary definition by amendment to the related definition of 'mangrove forest'.

Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004

The Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004 was amended to clarify the intent of the 'mangrove line' marine park boundary definition by amendment to the related definition of 'mangrove forest'. The Great Barrier Reef Coast Zoning Plan was consequentially amended to reflect new terminology and update references as a result of making the Fisheries (Sustainable Fisheries Strategy) Amendment Regulation 2019.

Marine Parks (Great Sandy) Zoning Plan 2017

A new designated area was created in the Marine Parks (Great Sandy) Zoning Plan 2017 for the wreck of the ex-HMAS *Tobruk* to allow for ongoing management of the dive site. The Great Sandy Marine Park Zoning Plan includes the objects, entry and use and offence provisions for the new designated area. Mapping errors in the statutory maps of zones and designated areas for the Great Sandy Marine Park were also corrected. Grey nurse shark designated area provisions were amended to remove reference to the withdrawn *Australian Standard AS 4005.1-2000 Training and certification of recreational divers*. The definition of 'dive instructor' was clarified, and the term 'guide' was replaced with 'certified assistant' and defined. The Great Sandy Marine Park Zoning Plan was also consequentially amended to reflect new terminology and update references as a result of making the Fisheries (Sustainable Fisheries Strategy) Amendment Regulation 2019.

Marine Parks (Moreton Bay) Zoning Plan 2008

An amendment to the Moreton Bay Marine Park Zoning Plan 2008 was also made to clarify the intent of the 'mangrove line' marine park boundary definitions. The reference to the withdrawn *Australian Standard AS 4005.1-2000 Training and certification of recreational divers* was removed from grey nurse shark designated area provisions in the Moreton Bay Marine Park Zoning Plan. A minor correction was made to the entry and use provisions for the marine national park zone. The definition of 'dive instructor' was clarified, and the term 'guide' was replaced with 'certified assistant' and defined. To clarify the intent of the 'mangrove line' marine park boundary definition, the related definition of 'mangrove forest' was amended. The Moreton Bay Marine Park Zoning Plan was also consequentially amended as a result of making the Fisheries (Sustainable Fisheries Strategy) Amendment Regulation 2019 to reflect new terminology and update references.

Marine Parks Regulation 2017

An amendment was made to the regulation in 2018-19 to allow the traditional owners of Minjerribah (North Stradbroke Island), the Quandamooka People, commercial whale watching access to the Point Lookout area in the Moreton Bay Marine Park. Section 18 of the regulation now allows the granting of one whale watching authority for the Point Lookout area.

Funding

In 2018-19, the Queensland Government contributed \$13.279 million to the Great Barrier Reef Joint Field Management Program. Together with the Australian Government's contribution, the budget for the program in 2018-19 was \$30.2 million. The Reef Joint Field Management Program operates across the (Commonwealth) Great Barrier Reef Marine Park, the (state) Great Barrier Reef Coast Marine Park, island national parks and Commonwealth Islands. Given this, only a portion of the program's funds are spent on the (state) Great Barrier Reef Coast Marine Park. The total expenditure for the joint program in 2018-19 was \$26.694 million.

The combined operational costs for the Great Sandy and Moreton Bay Marine Parks totalled \$2,745,556.

The expenditure incurred towards scuttling ex-HMAS Tobruk in 2018-19 was \$2,351,309.

Management plans

The Queensland Parks and Wildlife Service employs a Values-Based Management Framework to guide protected area management. The framework prioritises management undertaken on parks in line with the key values of the park and incorporates steps for monitoring progress, evaluating performance, and reporting on the effectiveness of management actions over time. The framework is the approved process for management of protected areas across Queensland under the *Nature Conservation Act 1992*.

Marine parks adjacent to mainland or island national parks may share values and management issues. To ensure seamless management, areas of the marine park that fringe national parks may be included in the management planning process for national parks resulting in a joint *Marine Parks Act 2004* and *Nature Conservation Act 1992* management plan.

During 2018-19, there were no new management plans for marine park areas approved (Table A).

Authorities

The *Marine Parks Act 2004* provides for activities to be undertaken on marine parks under an authority (agreements and permits) for varying periods. A 'Permit' can include a number of 'permissions' for the conduct of different activities as prescribed in a relevant Marine Park Zoning Plan. The Marine Parks Regulation 2017 outlines the administrative matters relating to the grant, amendment, suspension, cancellation, surrender and replacement of relevant authorities and the requirements applying to carrying out activities under a relevant authority provided for by the Act.

A summary of authorities granted, suspended or cancelled, applications refused in 2018-19, and related information is outlined in Tables B and C.

Offences and enforcement

In 2018-19, a total of 86 marine park penalty infringement notices were issued. There were three litigation matters progressed and two finalised under the Act, resulting in two prosecutions. A summary of offences and prosecutions are provided in Tables D and E.

Accreditations

Accreditations are a form of approval that removes the need for organisations and individuals to obtain a permit to carry out activities. Accreditations can be issued under the Marine Parks Regulation 2017 for a number of different activities such as research and aquaculture. A Traditional Use of Marine Resource Agreement (TUMRA) is one form of accreditation. These formal agreements are developed by traditional owner groups and accredited by the department and, if the agreement covers the Great Barrier Reef region, also the Great Barrier Reef Marine Park Authority (GBRMPA).

TUMRAs describe how traditional owner groups work in partnership with the Queensland and Australian governments to manage traditional use activities on their sea country. A summary of accreditations granted is provided in Table F.

Other legislative provisions

Other legislative provisions under Part 6 of the Marine Park Regulation 2017 that manage marine park activities include the declaration of special activities and restricted access areas, and erection or display of regulatory notices. Table G outlines the Part 6 legislative provisions in place for each marine park.

Information supporting the report on the administration of the *Marine Parks Act 2004* in 2018-19.

Table A - Management plans approved in 2018-19 that included a marine park component.

Management plans
No new management plans for marine park areas were approved during the 2018-19 financial year.

Table B - *Marine Parks Act 2004* State-Commonwealth joint* Marine Park permissions¹ granted, refused, and suspended or cancelled (1 July 2018- 30 June 2019).

The number of authorities includes all current authorities some of which may have been issued in previous reporting periods.

Category	Authorities current as at 30/6/2019	Authorities issued between 1/07/18 and 30/6/19	Authorities refused, suspended or cancelled between 1/07/18 and 30/06/19
Aquaculture	4	1	0
Taking animals or plants posing a threat ²	73	16	0
Collecting ³	2	0	0
Educational program	79	34	0

Works ¹¹	22	8	0
Other ¹²	49	79	8

Table C - Marine Parks Act 2004 State-only Marine Park authorities (permits¹ and agreements) granted, refused, and suspended or cancelled (1 July 2018 - 30 June 2019).**

The number of authorities includes all current authorities some of which may have been issued in previous reporting periods.

Category	Authorities current as at 30/6/2019	Authorities issued between 1/07/18 and 30/6/19	Authorities refused, suspended or cancelled between 1/07/18 and 30/06/19
Permits¹ under the Marine Parks Regulation 2017			
Aquaculture	3	1	0
Taking animals or plants posing a threat ²	6	0	0
Collecting ³	16	5	0
Educational program	15	3	0
Exploration/ mining ⁴	0	0	0
Harvest fishery ⁵	5	2	0
Media activity (film, photography) ⁶	2	2	0
Operate a facility ⁷	52	12	0
Operating/navigating vessels and aircraft ⁸	8	7	0
Research	68	23	0
Ship and managed vessel operation ⁹	4	1	0
Tourist program	210	85	0
Vessel or aircraft charter operation ¹⁰	10	7	0
Works ¹¹	131	48	0
Other ¹²	26	14	1
Commercial Activity Agreements under Section 52 of the Marine Parks Regulation 2017			
Tourism ¹³ (excluding Whale Watching)	17	8	0
Whale Watching ¹⁴	19	2	0
Other (e.g. filming, competitive and corporate events)	7	2	0

Notes:

1. A 'permit' may include a number of individual permissions for different activities. Table B includes the total number of individual permissions. Table C includes only the primary permission under each permit.
2. Carrying out a program for taking a plant, animal or marine resource that poses a threat to human life and safety (e.g., mosquito control, shark control program), marine park ecosystems (e.g., toxic algae, Crown of Thorns Starfish), or to the use/ amenity of an area or adjacent marine park (e.g., mangrove trimming).
3. Collecting can include non-commercial collecting (e.g., shell clubs) or commercial collecting of species that are not part of a harvest fishery (e.g., oysters).
4. Exploration/ mining includes exploring or mining for minerals, exploring or producing petroleum and carrying out geothermal exploration.
5. Harvest fishery includes commercial collecting of coral, shell, and aquarium fish.
6. Authorities required in the Moreton Bay Marine Park (MBMP) only. An authority may be considered necessary if, for example, pyrotechnics are involved or exclusive access is required.
7. Operate a facility can include buildings, vessels, or structures (e.g. pontoons, jetties, barge landings, pipelines, aircraft landing areas, and moorings (GBRCMP only)), as well as constructing, building, assembling, fixing in position, discharging waste, operating, maintaining or decommissioning the facility.
8. Operating/navigating vessels and aircraft includes anchoring.
9. Operating/navigating ships, vessels and aircraft includes anchoring. Vessel types include hovercraft, wing in ground effect craft, hydrofoils and airboats.

10. Vessel charter includes skippered and bare boat charters.
11. Works includes coastal works such as beach nourishment, buoy and pile moorings (excl. GBRCMP), maintenance dredging (GBRCMP only), capital dredging (MBMP and GSMP) only, spoil disposal, foreshore protection, access structures (e.g. pontoons, jetties, boat ramps), marinas, reclamation, sand extraction and submarine pipelines. Major works that involve large scale coastal works (MBMP only) may require declaration of a works area.
12. Other includes activities such as conducting a developmental fishery program, traditional use of marine resources, operating a fishing industry service vessel, aquatic events, sporting events, fireworks display, and taking of broodstock.
13. Commercial tour operations within the ex-HMAS Tobruk Area of the Great Sandy Marine Park have been declared a prescribed commercial activity under section 126 of the Marine Parks Regulation 2017.
14. Whale watching has been declared a prescribed commercial activity for the Great Sandy Marine Park.

Additional Information:

- * 'Joint' Marine Park permissions relate to the Great Barrier Reef area where permissions are issued jointly by the State (Queensland Parks and Wildlife Service) and Great Barrier Reef Marine Park Authority (GBRMPA) to cover activities occurring in both the State and Commonwealth Marine Park respectively.
- ** State-only permissions relate to the Great Barrier Reef Coast Marine Park, Great Sandy Marine Park and Moreton Bay Marine Park.

Table D - Marine Parks Act 2004 enforcement activity for Great Barrier Reef Coast, Great Sandy and Moreton Bay Marine Parks for 1 July 2018 - 30 June 2019.

Category		Number
Penalty infringement notices	Number issued	86
	Number withdrawn	2
	Number of Court elects	1
	Number of reviews	2
Formal investigations*	Number completed	6
Litigations	Number progressed in 2018-19	3
	Number of matters finalised in 2018-19	2

*Formal investigations include investigations and contested penalty infringement notices.

Table E - *Marine Parks Act 2004* prosecution results for 1 July 2018 - 30 June 2019.

Prosecutions under: <i>Marine Parks Act 2004</i> Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004 Marine Parks (Great Sandy) Zoning Plan 2017 Marine Parks (Moreton Bay) Zoning Plan 2008 Marine Parks Regulation 2006						
Party	Statute	Marine Park	Description	Court result		
				Court date	Penalty	Costs (legal and investigative)
LIT1732	<i>Marine Parks Regulation 2006</i>	Moreton Bay Marine Park	Entering or using a marine park for a prohibited purpose	14 August 2018	\$1,800 fine	\$1,500 legal costs \$1,743 investigation costs
LIT1759	<i>Marine Parks Act 2004</i>	Moreton Bay Marine Park	Wilfully entering or using a marine park for a prohibited purpose	3 May 2019	\$11,000 fine	\$500 legal costs \$1,741.13 investigation costs

Table F – Summary of accreditations in place over State marine parks in 2018-19 (showing State-only and joint State-Commonwealth accreditations).

Marine Park	Party or instrument accredited	Purpose	Date issued	Expiry date*
Moreton Bay Marine Park	Oyster Industry Plan for Moreton Bay Marine Park (Department of Agriculture and Fisheries)	Oyster industry	22/04/16	n/a
Great Sandy Marine Park	Great Sandy Regional Marine Aquaculture Plan (Department of Agriculture and Fisheries)	Aquaculture	23/01/2012	n/a
Great Barrier Reef Coast Marine Park	Woppaburra TUMRA (QPWS/GBRMPA)	Traditional Use of Marine Resources	30/06/2014	01/07/2024

The University of Technology, Sydney.	Limited impact research	04/08/2006	n/a	

*There is no requirement to specify an expiry date for accreditations (other than TUMRAs), however, an accreditation requires review if a new zoning plan for the marine park, to which it applies, is made.

¹ This accreditation has not expired and is under continuation. An extension was granted or an application was lodged before the expiry date, meaning that it will remain in effect until the Department executes a 'new' TUMRA with the traditional owners.

TUMRA extends into Great Sandy Marine Park.

Table G – Summary of other legislative provisions in place over State marine parks in 2018-19 (State-only and joint State-Commonwealth).

Marine Park	Provision	Location	Activity regulated
Moreton Bay Marine Park	Special activity notice	Harry Atkinson Artificial Reef	Scuba diving, surface supplied air diving, snorkelling, spearfishing, commercial fishing prohibited.
		North Moreton Artificial Reef	Scuba diving, surface supplied air diving.
		South Stradbroke Artificial Reef	Scuba diving, surface supplied air diving.
		West Peel Artificial Reef	Scuba diving, surface supplied air diving, spearfishing, commercial fishing.
		Wild Banks Artificial Reef	Scuba diving, supplied air diving, commercial fishing, anchoring, spearfishing deeper than 12m.
		East Coochie Artificial Reef	Scuba diving, surface supplied air diving, spearfishing, commercial fishing.
		Tangalooma Island Resort	Participating in dolphin feeding in the authorised dolphin feeding activity.
	Regulatory notice	Redland Bay Claypan	Unauthorised motor vehicles are prohibited from tidal lands and waters.
		Bullock Creek	Unauthorised motor vehicles are prohibited from tidal lands and waters.
		Flinders Reef and Flat Rock	Limiting vessel capacity for use of public moorings.
Great Sandy Marine Park	Restricted access area	Ex-HMAS Tobruk*	Permission required to enter area.
Great Barrier Reef Coast Marine Park	Regulatory notice	Nelly Bay/Jonah Bay	Prohibited from bringing a vehicle, a domestic animal, lighting a fire and using generator, compressor or motor.

*In place for part of 2018-19. All other provisions except that for Tangalooma Island Resort pre-date the 2018-19 financial year.
